**National Nuclear Security Administration**
Washington, DC 20585

JAN 14 2005

MEMORANDUM FOR: John S. Shaw, Assistant Secretary, Office of Environment, Safety and Health, EH-1

FROM: Steven C. Hafner, Assistant Deputy Administrator, Office of Secure Transportation, NA-15

SUBJECT: 2005 Annual National Environmental Policy Act Planning Summary

ISSUE: Submittal of the annual report as required by DOE O 451.1B

DISCUSSION: Attached is the 2005 Annual National Environmental Policy Act Planning Summary as requested in your memorandum dated December 17, 2004. The Office of Secure Transportation (OST), formerly OTS, was included in the AL Operations Office submittal since the requirement first began. Because of the NNSA organizational changes, this report will be submitted separately to Headquarters under an OST cover. **There are no ongoing or planned NEPA documents for this Annual Planning Summary**. Please direct any questions regarding this summary to Jeff Robbins, NEPA Compliance Officer at 505.845.4426.

POLICY IMPACT: None

SENSITIVITIES: None

# 2005 ANNUAL NEPA PLANNING SUMMARY
## Office of Secure Transportation
## Albuquerque, New Mexico

**Ongoing NEPA Compliance Activities**

No NEPA documents are in progress

**Expected Environmental Impact Statements Within Next 24 Months**

No Environmental Impact Statements are planned in the next 24 months.

**Expected Environmental Assessments Within Next 12 Months**

None anticipated for FY05

**Evaluation of Whether A Site-wide Environmental Impact Statement Would Facilitate Future NEPA Compliance Efforts**

Real estate operated by the Office of Secure Transportation are scattered throughout the United States. Because of the varying environments, it is not practical to prepare a programmatic NEPA document and would not facilitate NEPA compliance efforts. For this reason, NEPA reviews are performed site specifically. The operations of the Office of Secure Transportation have been evaluated in programmatic documents (Stockpile Stewardship and Management, Pantex Site-Wide and the Sandia Site-wide). Supplemental analyses have been prepared for those documents. Current operations remain bounded by the programmatic NEPA documents.
